

Pre-participation Examination

To be completed by athlete or parent prior to examination.

Name _____ School Year _____
Last First Middle

Address _____ City/State _____

Phone No. _____ Birthdate _____ Age _____ Class _____ Student ID No. _____

Parent's Name _____ Phone No. _____

Address _____ City/State _____

HISTORY FORM

Medicines and Allergies: Please list all of the prescription and over-the-counter medicines and supplements (herbal and nutritional) that you are currently taking

Do you have any allergies? Yes No If yes, please identify specific allergy below.
 Medicines Pollens Food Stinging Insects

Explain "Yes" answers below. Circle questions you don't know the answers to.

GENERAL QUESTIONS	Yes	No
1. Has a doctor ever denied or restricted your participation in sports for any reason?		
2. Do you have any ongoing medical conditions? If so, please identify below: <input type="checkbox"/> Asthma <input type="checkbox"/> Anemia <input type="checkbox"/> Diabetes <input type="checkbox"/> Infections Other: _____		
3. Have you ever spent the night in the hospital?		
4. Have you ever had surgery?		
HEART HEALTH QUESTIONS ABOUT YOU	Yes	No
5. Have you ever passed out or nearly passed out DURING or AFTER exercise?		
6. Have you ever had discomfort, pain, tightness, or pressure in your chest during exercise?		
7. Does your heart ever race or skip beats (irregular beats) during exercise?		
8. Has a doctor ever told you that you have any heart problems? If so, check all that apply: <input type="checkbox"/> High blood pressure <input type="checkbox"/> A heart murmur <input type="checkbox"/> High cholesterol <input type="checkbox"/> A heart infection <input type="checkbox"/> Kawasaki disease Other: _____		
9. Has a doctor ever ordered a test for your heart? (For example, ECG/EKG, echocardiogram)		
10. Do you get lightheaded or feel more short of breath than expected during exercise?		
11. Have you ever had an unexplained seizure?		
12. Do you get more tired or short of breath more quickly than your friends during exercise?		
HEART HEALTH QUESTIONS ABOUT YOUR FAMILY	Yes	No
13. Has any family member or relative died of heart problems or had an unexpected or unexplained sudden death before age 50 (including drowning, unexplained car accident, or sudden infant death syndrome)?		
14. Does anyone in your family have hypertrophic cardiomyopathy, Marfan syndrome, arrhythmogenic right ventricular cardiomyopathy, long QT syndrome, short QT syndrome, Brugada syndrome, or catecholaminergic polymorphic ventricular tachycardia?		
15. Does anyone in your family have a heart problem, pacemaker, or implanted defibrillator?		
16. Has anyone in your family had unexplained fainting, unexplained seizures, or near drowning?		
BONE AND JOINT QUESTIONS	Yes	No
17. Have you ever had an injury to a bone, muscle, ligament, or tendon that caused you to miss a practice or a game?		
18. Have you ever had any broken or fractured bones or dislocated joints?		
19. Have you ever had an injury that required x-rays, MRI, CT scan, injections, therapy, a brace, a cast, or crutches?		
20. Have you ever had a stress fracture?		
21. Have you ever been told that you have or have you had an x-ray for neck instability or atlantoaxial instability? (Down syndrome or dwarfism)		
22. Do you regularly use a brace, orthotics, or other assistive device?		
23. Do you have a bone, muscle, or joint injury that bothers you?		
24. Do any of your joints become painful, swollen, feel warm, or look red?		
25. Do you have any history of juvenile arthritis or connective tissue disease?		

MEDICAL QUESTIONS	Yes	No
26. Do you cough, wheeze, or have difficulty breathing during or after exercise?		
27. Have you ever used an inhaler or taken asthma medicine?		
28. Is there anyone in your family who has asthma?		
29. Were you born without or are you missing a kidney, an eye, a testicle (males), your spleen, or any other organ?		
30. Do you have groin pain or a painful bulge or hernia in the groin area?		
31. Have you had infectious mononucleosis (mono) within the last month?		
32. Do you have any rashes, pressure sores, or other skin problems?		
33. Have you had a herpes or MRSA skin infection?		
34. Have you ever had a head injury or concussion?		
35. Have you ever had a hit or blow to the head that caused confusion, prolonged headache, or memory problems?		
36. Do you have a history of seizure disorder?		
37. Do you have headaches with exercise?		
38. Have you ever had numbness, tingling, or weakness in your arms or legs after being hit or falling?		
39. Have you ever been unable to move your arms or legs after being hit or falling?		
40. Have you ever become ill while exercising in the heat?		
41. Do you get frequent muscle cramps when exercising?		
42. Do you or someone in your family have sickle cell trait or disease?		
43. Have you had any problems with your eyes or vision?		
44. Have you had any eye injuries?		
45. Do you wear glasses or contact lenses?		
46. Do you wear protective eyewear, such as goggles or a face shield?		
47. Do you worry about your weight?		
48. Are you trying to or has anyone recommended that you gain or lose weight?		
49. Are you on a special diet or do you avoid certain types of foods?		
50. Have you ever had an eating disorder?		
51. Have you or any family member or relative been diagnosed with cancer?		
52. Do you have any concerns that you would like to discuss with a doctor?		
FEMALES ONLY	Yes	No
53. Have you ever had a menstrual period?		
54. How old were you when you had your first menstrual period?		
55. How many periods have you had in the last 12 months?		

Explain "yes" answers here

I hereby state that, to the best of my knowledge, my answers to the above questions are complete and correct.

Signature of athlete _____ Signature of parent/guardian _____ Date _____

EXAMINATION			
Height	Weight	<input type="checkbox"/> Male <input type="checkbox"/> Female	
BP / /	(/)	Pulse	Vision R 20/ L 20/ Corrected <input type="checkbox"/> Y <input type="checkbox"/> N
MEDICAL	NORMAL	ABNORMAL FINDINGS	
Appearance • Marfan stigmata (kyphoscoliosis, high-arched palate, pectus excavatum, arachnodactyly, arm span > height, hyperlaxity, myopia, MVP, aortic insufficiency)			
Eyes/ears/nose/throat • Pupils equal • Hearing			
Lymph nodes			
Heart ^a • Murmurs (auscultation standing, supine, +/- Valsalva) • Location of point of maximal impulse (PMI)			
Pulses • Simultaneous femoral and radial pulses			
Lungs			
Abdomen			
Genitourinary (males only) ^b			
Skin • HSV, lesions suggestive of MRSA, tinea corporis			
Neurologic ^c			
MUSCULOSKELETAL			
Neck			
Back			
Shoulder/arm			
Elbow/forearm			
Wrist/hand/fingers			
Hip/thigh			
Knee			
Leg/Ankle			
Foot/toes			
Functional • Duck-walk, single leg hop			

^aConsider ECG, echocardiogram, and referral to cardiology for abnormal cardiac history or exam.
^bConsider GU exam if in private setting. Having third party present is recommended.
^cConsider cognitive evaluation or baseline neuropsychiatric testing if a history of significant concussion.

On the basis of the examination on this day, I approve this child's participation in interscholastic sports for 395 days from this date. _____

Yes _____ No _____ Limited _____ Examination Date _____

Additional Comments:

Physician's Signature _____ Physician's Name _____

Physician's Assistant Signature* _____ PA's Name _____

Advanced Nurse Practitioner's Signature* _____ ANP's Name _____

*effective January 2003, the IHSAA Board of Directors approved a recommendation, consistent with the Illinois School Code, that allows Physician's Assistants or Advanced Nurse Practitioners to sign off on physicals.

STUDENT, PARENT/GUARDIAN AGREEMENT TO PARTICIPATE

Each student and his or her parent/guardian must read and sign this *Agreement to Participate* each year before being allowed to participate in interscholastic sports or intramural athletics. The completed *Agreement* should be returned to the Coach.

Student name (printed) _____ Date of Birth: _____

1. The above-named student wishes to participate in the following interscholastic sports or intramural athletics (check all that apply): baseball basketball cheerleading cross country football golf gymnastics lacrosse soccer softball swimming/diving tennis track volleyball wrestling other (identify sports/athletics) _____. (Another *Agreement* must be signed if student later decides to participate in sport not marked above.)
2. Before the student will be allowed to participate, the student must provide the School District with a certificate of physical fitness (if participating in interscholastic sport(s), the Pre-Participation Physical Examination Form serves this purpose), show proof of accident insurance coverage, and complete any forms required by the relevant athletic association (e.g., the Illinois High School Association (IHSA)).
3. The student and the student's parent/guardian agree that the student will abide by all conduct rules and will behave in a sportsmanlike manner. They further agree that the student will follow the coaches' instructions, playing techniques, and training schedule as well as all safety rules.
4. The student and the student's parent/guardian understand that Board policy 7:305, *Student Athlete Concussions and Head Injuries*, requires, among other things, that a student athlete who exhibits signs and symptoms, or behaviors consistent with a concussion or head injury must be removed from participation or competition at that time and that such student will not be allowed to return to play unless cleared to do so by a physician licensed to practice medicine in all its branches or a certified athletic trainer.
5. Enclosed is a *Concussion Information Sheet*, which is written information explaining concussion prevention, symptoms, treatment, and guidelines, and includes guidelines for safely resuming participation in an athletic activity following a concussion.
6. The student and the student's parent/guardian are aware that with participation in sports comes the risk of injury, and that the degree of danger and seriousness of risk vary significantly from one sport to another, with contact sports carrying the highest risk. The student and the student's parent/guardian are aware that participating in sports involves travel with the team. The student and the student's parent/guardian acknowledge and accept the risks inherent in the sports or athletics in which the student will be participating and in all travel involved. The student and the student's parent/guardian agree to indemnify and hold the District, its employees, agents, coaches, School Board members, and volunteers harmless from any and all liability, actions, claims, or demands of any kind and nature whatsoever that may arise by or in connection with the student participating in the school-sponsored interscholastic sports or intramural athletics, to the extent allowed by law, including relating to physical injury to the student or others while participating in the above indicated sport or activity. The terms hereof shall serve as a release and assumption of risk for the student and the student's parent/guardian and their heirs, estate, executor, Administrator, assignees, and for all members of the student and the student's parent/guardian's family. The parent/guardian certifies that the student is in good physical health and is capable of participation in the above indicated sport or activity.
7. If any term, covenant, condition, or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions shall remain in full force and effect and shall in no way be affected, impaired, or invalidated.

Concussion Information Sheet

Board Policy 7:305, Concussions and Head Injuries, requires, among other things, that a student athlete who exhibits signs and symptoms, or behaviors consistent with a concussion or head injury must be removed from participation or competition at that time and that such student will not be allowed to return to play unless cleared to do so by a physician licensed to practice medicine in all its branches or a certified athletic trainer.

This form must be given to a student and their parent guardian each year with the *Agreement to Participate*. The *Agreement to Participate* must be completed and signed each year by the student and the student's parent (meaning the student's natural or adoptive parent or other legal guardian or person with legal authority to make medical decisions for the student) before the student may participate in interscholastic sports or intramural athletics for the school year. This form contains all language from the Concussion Information Sheet approved by the Illinois High School Association.

Concussion Information

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, **all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly.** In other words, even a "ding" or a bump on the head can be serious. You can't see a concussion and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, seek medical attention right away.

Symptoms may include one or more of the following:

<ul style="list-style-type: none"> • Headaches • "Pressure in head" • Nausea or vomiting • Neck pain • Balance problems or dizziness • Blurred, double, or fuzzy vision • Sensitivity to light or noise • Feeling sluggish or slowed down • Feeling foggy or groggy • Drowsiness • Change in sleep patterns 	<ul style="list-style-type: none"> • Amnesia • "Don't feel right" • Fatigue or low energy • Sadness • Nervousness or anxiety • Irritability • More emotional • Confusion • Concentration or memory problems (forgetting game plays) • Repeating the same question/comment
--	---

Signs observed by teammates, parents and coaches include:

<ul style="list-style-type: none"> • Appears dazed • Vacant facial expression • Confused about assignment • Forgets plays • Is unsure of game, score, or opponent • Moves clumsily or displays incoordination • Answers questions slowly 	<ul style="list-style-type: none"> • Slurred speech • Shows behavior or personality changes • Can't recall events prior to hit • Can't recall events after hit • Seizures or convulsions • Any change in typical behavior or personality • Loses consciousness
---	---

What can happen if my child keeps on playing with a concussion or returns too soon?

Athletes with the signs and symptoms of concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even to severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often fail to report symptoms of injuries. Concussions are no different. As a result, education of Administrators, coaches, parents and students is the key to student-athlete's safety.

If you think your child has suffered a concussion

Any athlete even suspected of suffering a concussion should be removed from the game or practice immediately. No athlete may return to play or physical activity, including the physical activity portion of physical education courses, after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without medical clearance. Close observation of the athlete should continue for several hours. IHSA Policy requires athletes to provide their school with written clearance from either a physician licensed to practice medicine in all its branches or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches prior to returning to play or practice following a concussion or after being removed from an interscholastic contest due to a possible head injury or concussion and not cleared to return to that same contest. In accordance with state law, all IHSA member schools are required to follow this policy. Board policy requires the same clearance before such a student can return to intramural athletics and the physical activity portion of a physical education class.

You should also inform your child's coach if you think that your child may have a concussion, even if it resulted from an injury that occurred outside of school/school activities. Remember it's better to miss one game than miss the whole season. And when in doubt, the athlete sits out.

How can you help your child prevent a concussion or other serious brain injury?

- Ensure that they follow their coach's rules for safety and the rules of the sport.
- Encourage them to practice good sportsmanship at all times.
- Make sure they wear the right protective equipment for their activity. Protective equipment should fit properly and be well maintained.
- Wearing a helmet is a must to reduce the risk of a serious brain injury or skull fracture.
- However, helmets are not designed to prevent concussions. There is no "concussion-proof" helmet. So, even with a helmet, it is important for kids and teens to avoid hits to the head.
- Tell your child's coaches if your child had a previous concussion. Your child's coach may not know about a concussion your child received in another sport or activity unless you tell the coach.

For current and up-to-date information on concussions you can go to: <http://www.cdc.gov/ConcussionInYouthSports/>

Adapted from the IHSA Sports Medicine Acknowledgement & Consent Form, which is adapted from the CDC and the 3rd International Conference on Concussion in Sport

By signing below, the student and the student's parent/guardian indicate that they have received and read the above *Agreement to Participate* and the enclosed *Concussion Information Sheet*, and that they understand and agree to abide and be bound by the terms of those documents.
